

Behaviour Management Support for Schools Incorporating Team Teach Training

How Can We Help:

- ▶ Deliver **Team Teach** - high quality training to support your schools behaviour management policies.
- ▶ Promote the least intrusive positive handling strategy and a continuum of gradual and graded techniques, with an emphasis and preference for the use of verbal, non-verbal de-escalation strategies being used and exhausted before positive handling strategies are utilised.
- ▶ Enable services to develop acceptable and authorised responses to disruptive, disturbing, angry and aggressive behaviours in a manner that maintains positive relationships and provides safety for all.
- ▶ Reduce the amount of serious incidents involving physical controls in all settings and to emphasise the importance of exhausting behaviour management strategies in the first instance.
- ▶ Increase the awareness of staff concerning the importance of recording and reporting, monitoring and evaluating, all incidents involving positive handling.

What We Offer:

- ▶ Highly skilled team of 4 trained and experienced Team Teach Tutors with vast, relevant experience across primary and secondary settings.
- ▶ Whole staff/small group training with the **6 hour Foundation** course or **12 hour Basic** course.
- ▶ Training on **communication, de-escalation skills**, and methods to **reduce risk and restraint**.
- ▶ In-depth training and practice of safe and effective **Physical Interventions**.
- ▶ Advice on **policy, procedures and paperwork**.
- ▶ Clear information regarding the **Law and Legal Framework**.
- ▶ Table top exercises to increase knowledge and understanding of **Emotions and Behaviours**.
- ▶ Free access to **Team Teach website “Lets Share Area”** to keep up to date.
