

Professional Development Opportunities

Woodbridge Park wants to use its expertise for the benefit of local schools and providers.

We are always open to visitors coming to see what we do and we are more than willing to be contacted to give brief advice on a variety of issues.

Costs for professional development will depend on whether a school subscribes to HEP. HEP schools receive significant reductions on all costs.

Some of the opportunities we have on offer over 2019 – 20 are:

- 1 school day visit into the service for a member of school staff to observe staff using strategies with pupils and get 'in-situ' advice from service staff - £75 for HEP schools and £150 for non-HEP schools – **Please contact the relevant Head of Centre about this opportunity.**
- Access to around 12 two-hour workshops each school year. £75 per delegate from a HEP school and £100 from a non-HEP school
- Service staff attending a school site to deliver 2-3 hours training to up to 25 members of staff - £400 for HEP schools; £600 for non-HEP schools; training for 25+ members of staff - £600 for HEP schools; £800 for non-HEP schools – **Please contact Julie Bardall about this opportunity on jbardall.313@lgflmail.org**

We will put the 2019-20 workshop programme on this page
